

Level: Easy

Personalise each of your bunny pom-poms using your favourite colour!

What you need:

EDUcraft Pom Poms, Large and Small

EDUcraft A4 Foam Sheets in a variety of colours

EDUcraft Joggle Eyes

Elmer's Glue All

Pen

Scissors (with parental supervision)

**What you do:**

1. Select one large pom-pom in your choice of colour. This will be used at the bunny's body. Set aside.
2. Select a foam sheet which is similar to the colour of the pom-pom you chose. Use the ear template (below) to trace bunny ears onto the foam sheet. Use scissors to cut them out.
3. Carefully glue them to the top of the pom-pom. Allow to dry.
4. Use the heart shape template (below) to trace your bunny's feet onto the same foam sheet. Use scissors to cut them out.
5. Place the heart on the table or flat surface. Carefully glue the pom-pom body on top, creating feet for your bunny. Allow to dry. Your bunny will now stand on its own.
6. Choose a small pom-pom in either a matching colour to the large one or white. Glue to the centre front of the bunny. Allow to dry.
7. Use glue to adhere 2 x Joggle Eyes to the body, above the nose.
8. Using the remaining foam, carefully cut out 6 thin strips and an extra small piece for the teeth (cut a small little slit into the bottom). Glue whiskers and teeth into place and allow to dry.

Note: Make a whole family of bunny's for cute decorations or gifts during your Easter celebrations.
